NORWOOD FORD

Prices Are Born Here And Raised Elsewhere!

YOUR DOLLARS WEIGH MORE AT NORWOOD

Weigh The Facts!!!

When you buy fer price, these days you can never be sure. It's unwise to pay too much, but it's worse to gay too life. When you pay oo much, you lies a stiff innery—the! at II, But when you pay too or much you like a stiff innery—the! at II, But when you pay too incapable of daing the thing it was bought to do. The common love of buriess bolance prohibits paying at list and getting of lot—it can't be done. If you deal with the lowest bilder, it is well to add something of the Init Nov un. And if you do that, you will have enough to pay

WALL PAPERING CALL BILL

Honored for Community Service

Meadows Band Needs Musicians

The Rolling Meadows community concert hand has "tent-porarily suspended reheard." director George Yingst, hand director said.

Yingst said there have been tool few people at recent, band repearable to practice or prefurm maxic "anywhere near" a standard band instrumentation."

mentation.

He listed five reasons why personnel for the hand has fallen, including business transfers and competition for musicians frum other bands in

musicians fram other bands in the northwest suburban areas. "To restablish a rehearsal schedule the band is going to require some non-musical managment." Yingst said. One or two people, responsible for the physical setup of the hand, finance, publicity, and person-

E

B

R

nel are needed, he said.

A year ago. Yingat said, the
hand had a torat of 50 muscians, but lated has had trouhle gaining 10 people at a
rehearsal.

"This band has traditionally
been a family band." Yingat
said, "with membership open
to anyone old enough or young
eno ug h, to play an instrument."

An effort to regain some of the lost membership or in-terest programment of the total membership or in-terest programment of the returning campaign to those on the band's current membership list, Yingst said. He inviked anyone interested in joining the band, either as a player or in a management capacity, to call 255-221.

the Grasshopper

The Ants and

One bright day in late autumn a family of Ants ware bustling about in the warm sunshine, drying out the grain they had stored up during the summer, when a starving Grasshopper, his fiddle under his arm, came up and humbly

begged for a bite to ast. "What!" oried the Ansis in surprise. "Haven't you slored anything away for the winter! What in the world ware you doing all lest summer?"
"I don't have time to store up any food," whined the Graeshooper. "I was so busy making music that before. Kewe It the summer was gone."
"The Anta shrugged that shoulders in disque." Making music, ware you!" they cried. "Yes well pow denoe!" And they turned their backs on the Graeshooper and went on with their work.

Antique Antics

R.S. Prussia China Elusive Beauty

It was a case of love at first conner of about 164 different or characteristic process of the conner of about 164 different or characteristic process of the conner of about 164 different or characteristic process of R. S. Prantias chitax.

It was a bootl with distinctive to the conner of about 164 different or characteristic process of R. S. Prantias chitax.

It was a bootl with distinctive to the conner of about 164 different or characteristic process of the conner of the

The china in Mrs. R.'s col-lection is done in ornate and unusual shapes featuring petals, twisted stems and twining wincilite shapes, all done so delicately and tastfully in beautiful gloma pastel pearl-tustered shades that one is unawar of their true beauty except on elose examination.

Most of the bowls, cups and saucers are painted with an artfully arranged cluster of roses, daisies, forget-me-nots and water-filles, on a tinted background with gold trim.

Most of the items feature all types and shades of flowers but there were many items in this ware painted with beautiful scenic designs. Because they are so rare, the prices of these pieces are extremely high to the average collector.

ALTHOUGH this is a very expensive collection to try and add to today, since most of it has disappeared from the beautiful things of the second of the second from the beautiful things of the second o Page 5 Wednesday, February 19, 1969

Propose Fuel Tax Changes

Two proposals have been introduced jn the House of the Ho the state to move forward in a bold, intelligent manner on a major any highway con-structron program, said Gerald W. Cavanagh, presi-dent of the club.

IN SUPPORT of the anti-IN SUPPORT of the anti-diversion resolution, Rep. Clarence Neff, chairman of the house highways and traf-fic safety committee, is sponnoring a resolution deal-ing with the amendment. Passage of this resolution will pave the way for the elec-terate to express its views on this crucial subject. Sairer then letting the voter-taxpayer decide the issue."

Before an anti-diversion amendment can be submitted to the Illinois voters it must be passed by both houses of the 1969 General Assembly. If approved, it could be voted on at the states general election in 1970.

Appointed Hospital Controller

Hubert Carlson, 1511 S. Harvard, Arlington Heights, recently was named assistant controller at Lutheran General Hospital, Park Ridge.

. Carlson formerly was hospital business manager, a position he held since joining the hospital staff in 1964.

He is a graduate of Western Illinois University. Macomb, and has done graduate work at Northwestern University. He is a mamber of the Hospital Finance and Management Assn.

Edwards Named Head College Hall Counselor

Wiley Edwards, 407 N. airview, Mount Prospect, as been appointed head resi-ent hall counselor at Illinois ollege, Jacksonville.

Why Do Basketball Rules Change?

BRIFELY. RULES change backuse the anner Langes. Each year the National Baskers and Rules Committee studies suggestions for hangas from questionaires submitted by sockes, officials and other concerned bodies, naddition to these changes, rules makers look head and consider jossible future changes, once seemingly astrense, that may be necessary to keep the game interesting and exciting.

By John Katzler

AS YOU CAN readily see, many of these ideas are way out, but nevertheless are suggested year in and year out. The point of this column then is that perhaps the present rules are not as kooly as they sometimes appear. On the other hand, if you have some ideas for changes, please drop us a line in care of Day Publications, 117 S. Main, Mount Prospect, 6005.

Telephone Co. Asks Increase In Toll Rates

The Illinois Bell Telephore
Co. has asked the Illinois
Commerge Commission for
changes in rates for long
distance calls writin the state
and for "economy" time and
weather reporting services
changes, said a company
spokerman, are needed to help
offset rising costs of operation. -A single, 24-hour-a-day rate schedule for person calls would replace present day and night schedules. Proposed rate for initial periods would be twice those charged for day station-to-station calls of comparation contains and the comparation calls of comparation calls of comparation stations of the comparation calls of comparation calls of comparation calls of comparations of the comparation calls of comparations of the comparation calls of comparations of the comparation calls of the calls of

—A 15 CEN1 surcharge, now applied to regular collect calls, also would be applied to non-credit card calls charged to a phone other than those involved in the call.

include:

neutrine, charges for stationmentine, charges for stationthe exact permy amount called
the exact permy amount called
to the exact permy amount called
to the exact permy amount called
or the exact permy amount permit
of the present to exact permy or
world breakled or 12 cents
would breakled or 12 cents
would breakled or 12 cents
would breakled or 12 cents
of the present to exact permit
o

Time and weather reports would be available to all subscribers within the Moult and the second of th these calls would be reduced to two units.

The company, spokerman said the proposals were filled to become effective March 16. The Illinois Commerce Commission has 30 days in which to pass on the proposal.

The increases, if approvide, would result in an increase of about \$9.5 million in the company's annual revenue, about 1.1 per cent of total revenue.

Day Light

Also, the week, the month, even the rest of the year.

The cheery outlook for all of us may even extend into the far future.

All because of one little squit of a bulletin insued by the Pentagon, Of all places, the vast lahyrinth of the Pentagon.

the vast tanyrinth of the Pen-tagon.

The Defense Department has just announced that, ef-fective July 1, the Army and other services will stop assign-ing a serial number to all new

THERE ARE actually two heart-warming aspects to the new mandate proclaimed by the masterminds of the regimented life who have developed the duplicating machine to its awesome eminence, topped only by the computer:

eminence, topped only by the computer:

The first encouraging factor is that the change reflects an economy order which, according to the defense department spokesmen, will result in operation. Since the mechanical brains are used to process servicemen's records, the memorization input, up to the new directive, has included both the serial number

and the social security number of each person in uniform.

The saving of time is not as important as the space now made a valiable in each fact, with just one set of numbers to digest, the mnemonic section in the computer can be reduced, which so the saving of pleasant chair-reserved of the computer o

of the computer.

111E O I HER cheering angle to the climination of the serial number is that instead of adding another numerical tag to each new recruit, the Pentagon In., almost untime-eneroused radiation.

Mrs. Edwin P. Jannusch was raised on a farm where the Randhurst Shopping Center now stands. She was one of twelve children and twelve years old when her parents sold the farm and moved to Arlington Heights to watch our town grow.

Except for a brief your after marriage spent in Chicago. Mr. and Mrs. Jannusch lived Jannes Church, where they raised their children, Roger and Joyce, who now are hap-pily married, serving their communities and raising their families near Grandma.

THROL GH the years,
Martha's austaining
philosophy has been narrured
in the church. She and her
husband have been faithful
members of St. Peter's
Lutheran Church. A love for
people and hard work have
earned her the honor of
presidency of the Dorcas
Society.

She is also an active participant of Pastor Martin's Wednesday Bible Class, the Woman's Missionary League and has just lately joined with her husband the Golden Age

E

the historic life towners re-club.

Besides the home and church environment, there is still another organization where her takens have been recognized, the Homemaker's Club of Artington Heights. sponsored by the University of Illinois Farm Extension Service.

She and her husband look forward to spring, as they en-joy birdlore and cultivating their 40 rose bushes.

When asked what dish makes the greatest hit when her family assembles, she mentioned the recipe below:

Favorite Dinner

"No adult is too young to have a will."

Jim Sheldon is emphatic about the importance of every adult having a will. As vice president and trust officer, Jim speaks for First National at many civic functions. His main topic is often that wills are never written too soon. It is too late when a widow finds she can't even legally drive the family car without the estate going through probate.

Yet, having a will is only the first step. Who is to be executor? Your wife? Is she a tax expert or attioney? Why not your brother? After all, he is an accountant. Yet, how much time can be devote to settling your estate? How about First National Bank of Des Plaines? As executor, we devote all our energies and knowledge to handling your estate.

Our trust services encompass many areas that can help you save on taxes and protect your investments during your lifetime. Check with Jim Sheldon. He'll explain how we can work together with you and your attorney for the maximum protection of your family.

clashinets of plants and personnell.

But Kroger itself also establishes and maintain its own strict standards of cleaniness and woblecomess. And how would you like to volunteer for one of their final quality tests? Before that juicy saak finally goes to the store's meat case, thay have the envied duty of taste-testing steaks to be sure they're pronectly tender and tasteful.

WESTERN ELECTRIC CELEBRATES

100 YEARS OF TELEPHONE PROGRESS

Western Electric started manufacturing communication equipment 100 years ago. One of its first developments was a pyramid switchboard which required a bary of operators working around the clock to connect Bell System customers. Today, one operator with other than the clock to connect Bell System customers. Today, one operator with o Western Electric manufactured console can handle most of the calls which go through an office in one day, switching efficiency is only one of the many improvements Western Electric has engineered in Self Telephone equipment in 100 years of steady progress. Today, certifies committed(elion is a really because Bell Telephone Electric, with the development of TeleFats, proved in practically. Silectrosic Leser prunities are day to carry up to a million calls similarineously on one thin beam of light. At the end of a centiny of progress, Western Electric as oper of the Bell System still leads the way in research and development of telephone equipment to provide the highest quality service in the world.

Area Sets Pace For Growth

For growth, the communities that make up what Commonwealth Edison Co. calls its Northwest Area set the pace for the rest of electric company's service area.

The communities are Aricompany, action to the company action to the

POPULATION 15 one measure of growth. Another way to gauge growth is by the amount of power an area uses. Reany cited three key utility growth indicators - residential electric sales and total kilowatthour

Northwest Area has been 6.5 per cent. Last year residential electric sales increased 15 per cent and total kilowatthour sales climbed 16 per cent. In all three categories the local area led all other sections served by Edison.

TO hEEP pace with In-creased demand, Edison budgeted a record-amount of money for construction druing 1968 and 1969, On the community level, new con-struction is most apparent at

the thatformer will weigh. Me loss and stand should 28 for high, which we will be the standard of standard

OUR NEW GROUP PLAN CAN PAY FOR DIAGNOSTIC TESTS, MOST MAJOR HEALTH EXPENSES PLUS HOSPITAL AND **DOCTOR BILLS IN FULL.**

WE THINK IT'S GREAT.

For example, the new Series A Pien will pay for diagnostic tests in the doctor's office, laboratory or outpattent department of the hospital. It's also designed to pay doctors' bills in full. And it has new major health expense benefits, too.

Add all these benefits to the familiar Comprehensive Blue Cross Plan which pays your amployees' hospital bills in full, and you have en entirely new dimension in group heelth cara protection.

These wonderful new benefits make BLUE CROSS® hos-pital end health care coverage and BLUE SHIELD® medical end surgical benefits more valuable than ever.

What's a year's worth of electric heat cost?

Hint: Think small.

The fact is, electric heat costs have come down so much in the last ten years, that sometimes it surprises even us. Of course, we've done our best to help, by lowering electric rates dramatically during that period.

Actually, you pay about \$200
a year for electric heat in a typical six-room house with proper insulation—the kind most people buy. It all boils down to the fact that you don't have to make a lot of money to have electric heat in your home.

So don't be surprised if someday we say "Think tiny." Commonwealth Edison Company
